

BEFORE THE NORTH CAROLINA STATE BOARD OF DENTAL EXAMINERS

IN THE MATTER OF:

ROBERT W. EISBERG, II, D.D.S.
(License Number 8267)

)
)
)
)

**ORDER SUMMARILY SUSPENDING
SEDATION PERMIT**

Pursuant to G.S. 150B-3(c), the North Carolina State Board of Dental Examiners (Board) finds that the public health, safety and welfare requires emergency action and hereby summarily suspends the Moderate Pediatric Conscious Sedation Permit, Number 160721, issued to Robert W. Eisberg, II (Respondent), effective upon service of this Order. This action is being taken based on evidence that Respondent is routinely placing children in the plane of deep sedation and/or general anesthesia when he is not trained for, nor does he hold a permit for this level of sedation. Respondent does not have the level of training in general anesthesia, airway management or intubation skills to manage a complication, should one arise, in a patient at this level of sedation.

It is the Board's opinion that the Respondent's continued use of moderate pediatric conscious sedation constitutes a threat to the public health, safety and welfare. Therefore, Respondent shall immediately cease the practice of sedation dentistry in North Carolina and surrender his sedation permit, pending further order of the Board. Respondent may continue to utilize nitrous oxide and local anesthesia in his practice.

Respondent has a right to a formal hearing before the North Carolina State Board of Dental Examiners.

This the 30th day of September, 2014.
