

2021 N. C. Dental Opioid Update Course

(for 2022 N. C. Dental License Renewal)

Hello everyone.

Bill Claytor here.

I am pleased to announce our [2021 N. C. Dental Opioid Update Course](#) schedule using the Zoom Virtual Meeting platform. The overwhelming response from participants in 2020 has been in favor of continuing our [2021 N. C. Dental Opioid Update Course](#) online. Our decision was influenced by the continuing Coronavirus pandemic issues and uncertainties for 2021 plus the convenience many of you have indicated of taking the course in the comfort of your home or office.

The [2021 N. C. Dental Opioid Update Course](#) is approved by the North Carolina State Board of Dental Examiners for 1.5 hours of CE credit. Completion of this course in 2021 will fulfill the requirement of North Carolina dentists with a DEA license becoming compliant for dental license renewal for 2022. (Note: If you do not have a DEA license, you may take the course but it is not required for dental license renewal).

I want to personally invite you to one of our [2021 N. C. Dental Opioid Update Courses](#). I will continue to strive to make this course informative, up to date and entertaining for you while relevant to your daily dental practices.

Hope to see you soon on Zoom!

Thank you!
Bill Claytor
