If so, please identify the conflict or appearance of conflict and refrain from any undue participation in the particular matter involved.

If, as agenda items are discussed, any Board member learns of a conflict or appearance of a conflict, he or she should notify the Chair and take appropriate action to recuse him or herself.

Legislative Update
[Item #4]
HB 88 – An Act Updating and Modernizing the Nursing Act. This Act, in part, proposes to rewrite G.S. 90-29(b) (the Dental Practice Act) to allow a Certified Registered Nurse Anesthetist (CRNA) to administer an anesthetic in “collaboration” with a licensed dentist, instead of under the supervision and direction of a licensed dentist. Dr. Litaker reported that the North Carolina Dental Society planned to oppose this statutory change.

HB 142 – An Act to Increase Oversight of Occupational Licensing Boards. This Bill, in part, proposes to increase the Board member per diem from $100 to $200 per day; adds antitrust law and state action immunity training for Board members; changes the venue for occupational licensing boards seeking a court order for injunctive relief to the superior court of the county where the defendant resides or in the county where the occupational board has its principal place of business; and requires Boards to develop and implement an electronic complaint process.

Mr. White’s miscellaneous report was accepted for informational purposes. No action was required by the Board.

This event will be held in collaboration with the Coastal Component of the North Carolina Dental Hygienists’ Association and the North Carolina Oral Cancer Foundation. Students will be distributing printed information on oral cancer and conducting screenings.

   Upon review of the documentation submitted by Coastal Carolina Community College, Dr. Feingold made a motion to approve the event as a rotation site. Dr. Young seconded the motion. The motion passed by general consent.

B. Request to Approve Radiology Course  [Item #7]  Ms. Friddle
   Mr. Zachary Eckert, J.D. of Vandelay Education submitted a dental assistant radiology course for the Board’s approval. Upon review, Dr. Feingold moved to approve the course, with Ms. Evadne Tarpley as the course instructor. Dr. Wester seconded the motion, which passed by general consent.

   Mr. Eckert further requested that Ms. Rivera-Salais, an instructor at Vandelay, be approved to teach other instructors at Vandelay on how to teach their radiology course. This would be in lieu of their instructors completing the Radiology Instructor’s Course at UNC. Dr. Young made a motion that Ms. Friddle notify Mr. Eckert that all proprietary instructors must complete the radiology instructor’s course at UNC in order to be qualified to teach a radiology course in North Carolina. The motion carried.

C. Clarification for Radiology Instructors  [Item #8]  Ms. Friddle
   Ms. Deedra Donley, Director of Continuing Dental Education at the UNC School of Dentistry, inquired as to who and where individuals that take UNC’s Proprietary Radiology Instructors’ Course are allowed to teach. Ms. Friddle was directed to notify Ms. Donley that radiology instructors would be teaching radiology to dental assistants and that the course could be taught at any dental or dental hygiene school, any proprietary school or in a private dental office.
IX. LICENSURE MATTERS
During the open session, and without conducting other business, Dr. Sadler made a motion, which was seconded by Ms. Stack, to move into closed session, pursuant to NCGS §143-318.11(a)(1), §143-318.18(6) and §90-41(g), in order to discuss applicants for licensure and the status of individuals currently licensed, with all motions and votes taken in open session. X. REPORT FROM LEGAL COUNSEL
A. Dental Instructor’s License Inquiry [Item #10] Mr. White
An inquiry was received from Daniel James, requesting the Board’s interpretation of the word “adjacent” as it applies to the teaching and practicing of dentistry at any teaching hospital adjacent to a dental school or an academic medical center by a dentist holding a Dental Instructor’s License. The Board postponed its decision in this matter until additional information could be obtained.

During the open session, and without conducting other business, Dr. Sadler made a motion to move into closed session, pursuant to NCGS §143-318.11(a)(3), in order to consult with legal counsel. The motion was seconded by Ms. Stack and passed by general consent. All motions and votes were taken in open session.

B. Hearing Options for Contested Cases [Item #11] Mr. Brocker
Dr. Allen moved to table the entire issue. Dr. Feingold seconded the motion. The motion to table carried.
The Board recessed for lunch at 12:30 p.m., and reconvened in open session at 1:00 p.m. in order to conduct a Rule 35 Motion Hearing involving Amber Devine, R.D.H. The motion hearing concluded at 1:30 p.m., at which time the Board moved back into closed session to complete its consultation with legal counsel. Dr. Allen made the motion to move into closed session. Mr. Totman seconded the motion, which passed by general consent.

C. Delegable Functions [Postponed] [Item #12] Mr. Brocker

D. Purchase of Medical Practice Mr. Brocker
Dr. David Lambert inquired if he could work in the practice of Dr. John Won prior to purchasing it. The Board had recently revoked Dr. Won’s dental license; however, Dr. Won continues to practice oral surgery under his North Carolina medical license. The Board determined that since Dr. Won can no longer own a dental practice, his current practice would be considered a medical practice. Therefore, Dr. Lambert could not work in Dr. Won’s medical practice, since he is not a medical doctor. This would not prohibit Dr. Lambert from purchasing Dr. Won’s former dental practice.

Following the advice from legal counsel, Dr. Wester made a motion to move back into open session. Mr. Totman seconded the motion, which passed by general consent.

XI. INVESTIGATIVE MATTERS [Item #13] Dr. Young

The motion was seconded by Dr. Young and passed by general consent.
