**ORDER MODIFYING  
CONSENT ORDER AND  
TERMINATING PROBATION**

This matter comes before the Board on Respondent's request to modify the Amended Consent Order entered on June 12, 2015. In the Order of Discipline, the Board granted Respondent's request for renewal of her dental hygiene license subject to certain probationary conditions for an indefinite period, including successful completion of her participation in the Caring Dental Professionals (CDP) Program.

The Consent Order was entered more than five years ago. With her request, Respondent submitted a letter from the CDP Program documenting her full compliance and continuing active and substantial participation in the Program. Based on the evidence provided and for good cause shown, the Board hereby modifies the Amended Consent Order by terminating the probationary conditions set forth against Respondent.

This the 16th day of October, 2020.
