Dear Dr. Quilhot:

The Investigative Panel of the North Carolina State Board of Dental Examiners has completed its investigation of the Medical Malpractice Report from the National Practitioner Data Bank. This information establishes that on December 13, 2018, a patient presented to your office for the extraction of teeth #s 3, 5, 6, 7-12, 14, 20, 21, 27, 29, and 30 in preparation for a partial lower denture.

At that appointment, you proceeded to extract the treatment planned teeth as well as teeth #s 22-26 and 28, as you believed the patient was there to have all remaining lower teeth removed. However, after completing the extractions, you realized that you made a mistake and extracted the additional teeth without the patient's knowledge or consent.

Based on the information available, it is the Board's opinion that your treatment of the patient violated G.S. §90-41, in that you extracted the wrong teeth. For this reason, the Board proposes to officially reprimand you. An official reprimand would include a copy of this letter being placed in your permanent file, notification of the reprimand being sent to the National Practitioner Data Bank, and a copy of the reprimand placed on the Board's web page for approximately three months.

If you wish to accept the reprimand, please sign below and return this letter to the Board office. The case will then be placed on the Board's agenda for consideration. The full Board can vote to accept the reprimand, propose a Consent Order, schedule the matter for a formal hearing, or dismiss the case. If you do not wish to accept the reprimand, the Investigative Panel has the option of referring the case for a disciplinary hearing. You also have the right to request a formal hearing. You must make your request in writing and file it with the Board office within 30 days of receipt of this letter.

If you have any questions or need additional information, please do not hesitate to contact the Board office. Thank you for your cooperation with the Board during its investigation of this matter.

Sincerely,

Jamie L. Rivera
Case Manager
